

HOMEREMODEL

MALY & ASSOCIATES, INC.

Maly Construction collaborates with premiere residential architects and kitchen designers on some of Tucson's most luxurious homes. Our management team merges quality and value helping their clients see that the home they always wanted is the one in which they are living. Gale Maly says consider remodeling. Let our construction team transform what you already have into your dream home. Robert J. Hiller, a graduate of the University of Arizona College of Architecture, with 30 years of experience in regional historic preservation, custom home design, solar energy, and green designs has joined Maly Construction as one of their consultants in adaptive renovation for healthy living and aging in place.

Call us for a consultation and see the miraculous transformations that lie within your reach.

*"You dream it,
our team will make
it happen."*

BEFORE
INTERIOR

A typical utilitarian garage was just the right space to convert into the owners' dream kitchen.

AFTER
INTERIOR

This room is virtually unrecognizable. A full Thermador kitchen with custom cabinetry, concrete counters and floors make what was once the garage a new and inviting space. The island is not only a focal point but is also functional with seating for up to 12.
