To whom it may concern

I found Maly & Associates an excellent company with which to do business.

Maly & Associates performed their contractual commitments with all the skills of a professional contracting firm. All their responsibilities were completed on time and within budget. They worked well with our staff and also performed well without supervision by us.

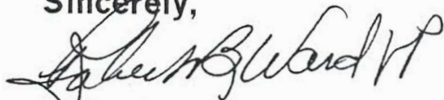

Maly & Associates were confronted by many challenges as they completed all the contracts and in each case presented solutions rather than questions.

Even though our base of operations was thousands of miles away, Maly & Associates excellent communications and correspondence eliminated any awkwardness that otherwise may have been experienced because of the distance between us.

It was my pleasure to work with Maly & Associates and should an opportunity arise I will once again take advantage of the excellent services provided by this organization.

Should you desire a personal recommendation please feel welcome to contact me.

Sincerely,

**Robert B. Ward VP  
Maintenance/Construction**
